

THE LOVE OF HOME

SPRING 2024

ROWICO
HOME

THE LOVE OF HOME - catalogue spring 2024.

An internal production of the marketing team at Rowico Home.

Furniture on the cover: NORRIS sofa, HOBART coffee tables, MORESBY sideboard, ROSELAWN lounge chair and AUCKLAND carpet.
Furniture on this page: HADDINGTON cabinet and BRADEN sofa.
Reservation for any printing errors. For printing technical reasons, colour deviations may occur. The furniture range varies in different markets.

PRINTING HOUSE: STIBO
All paper comes from responsible sources and has the label FSC MIX.

Sustainable choice!

Several of our furniture pieces consist of FSC® certified wood. The FSC 100% and FSC MIX label means that all wood in the furniture comes from responsible forestry.

In the gallery, at the end of the catalogue, the articles with the labels are marked.

If you are interested to know more, you can read about our certificate at www.info.fsc.org and search for our licence number FSC-C135942.

OUR LOVE FOR FURNITURE

Rowico Home is a Swedish family-owned company specialising in the design of furniture.

Since 1971, Rowico Home has developed a reputation for offering stylish and durable furniture that combines traditional craftsmanship with modern Scandinavian design.

Our company is driven by a passion and love for furniture, which is reflected in our design process and our focus. The furniture range includes a wide array of products, from dining tables and chairs to storage solutions and sofas.

With a focus on quality, sustainability and functionality, we are known for creating products that are beautiful, long-lasting and practical. This makes our furniture a popular choice for customers seeking timeless pieces for their homes.

We hope you will also discover our love for furniture.

Best regards

Jessica Hammargren

CEO

HARMONIOUS ATMOSPHERE

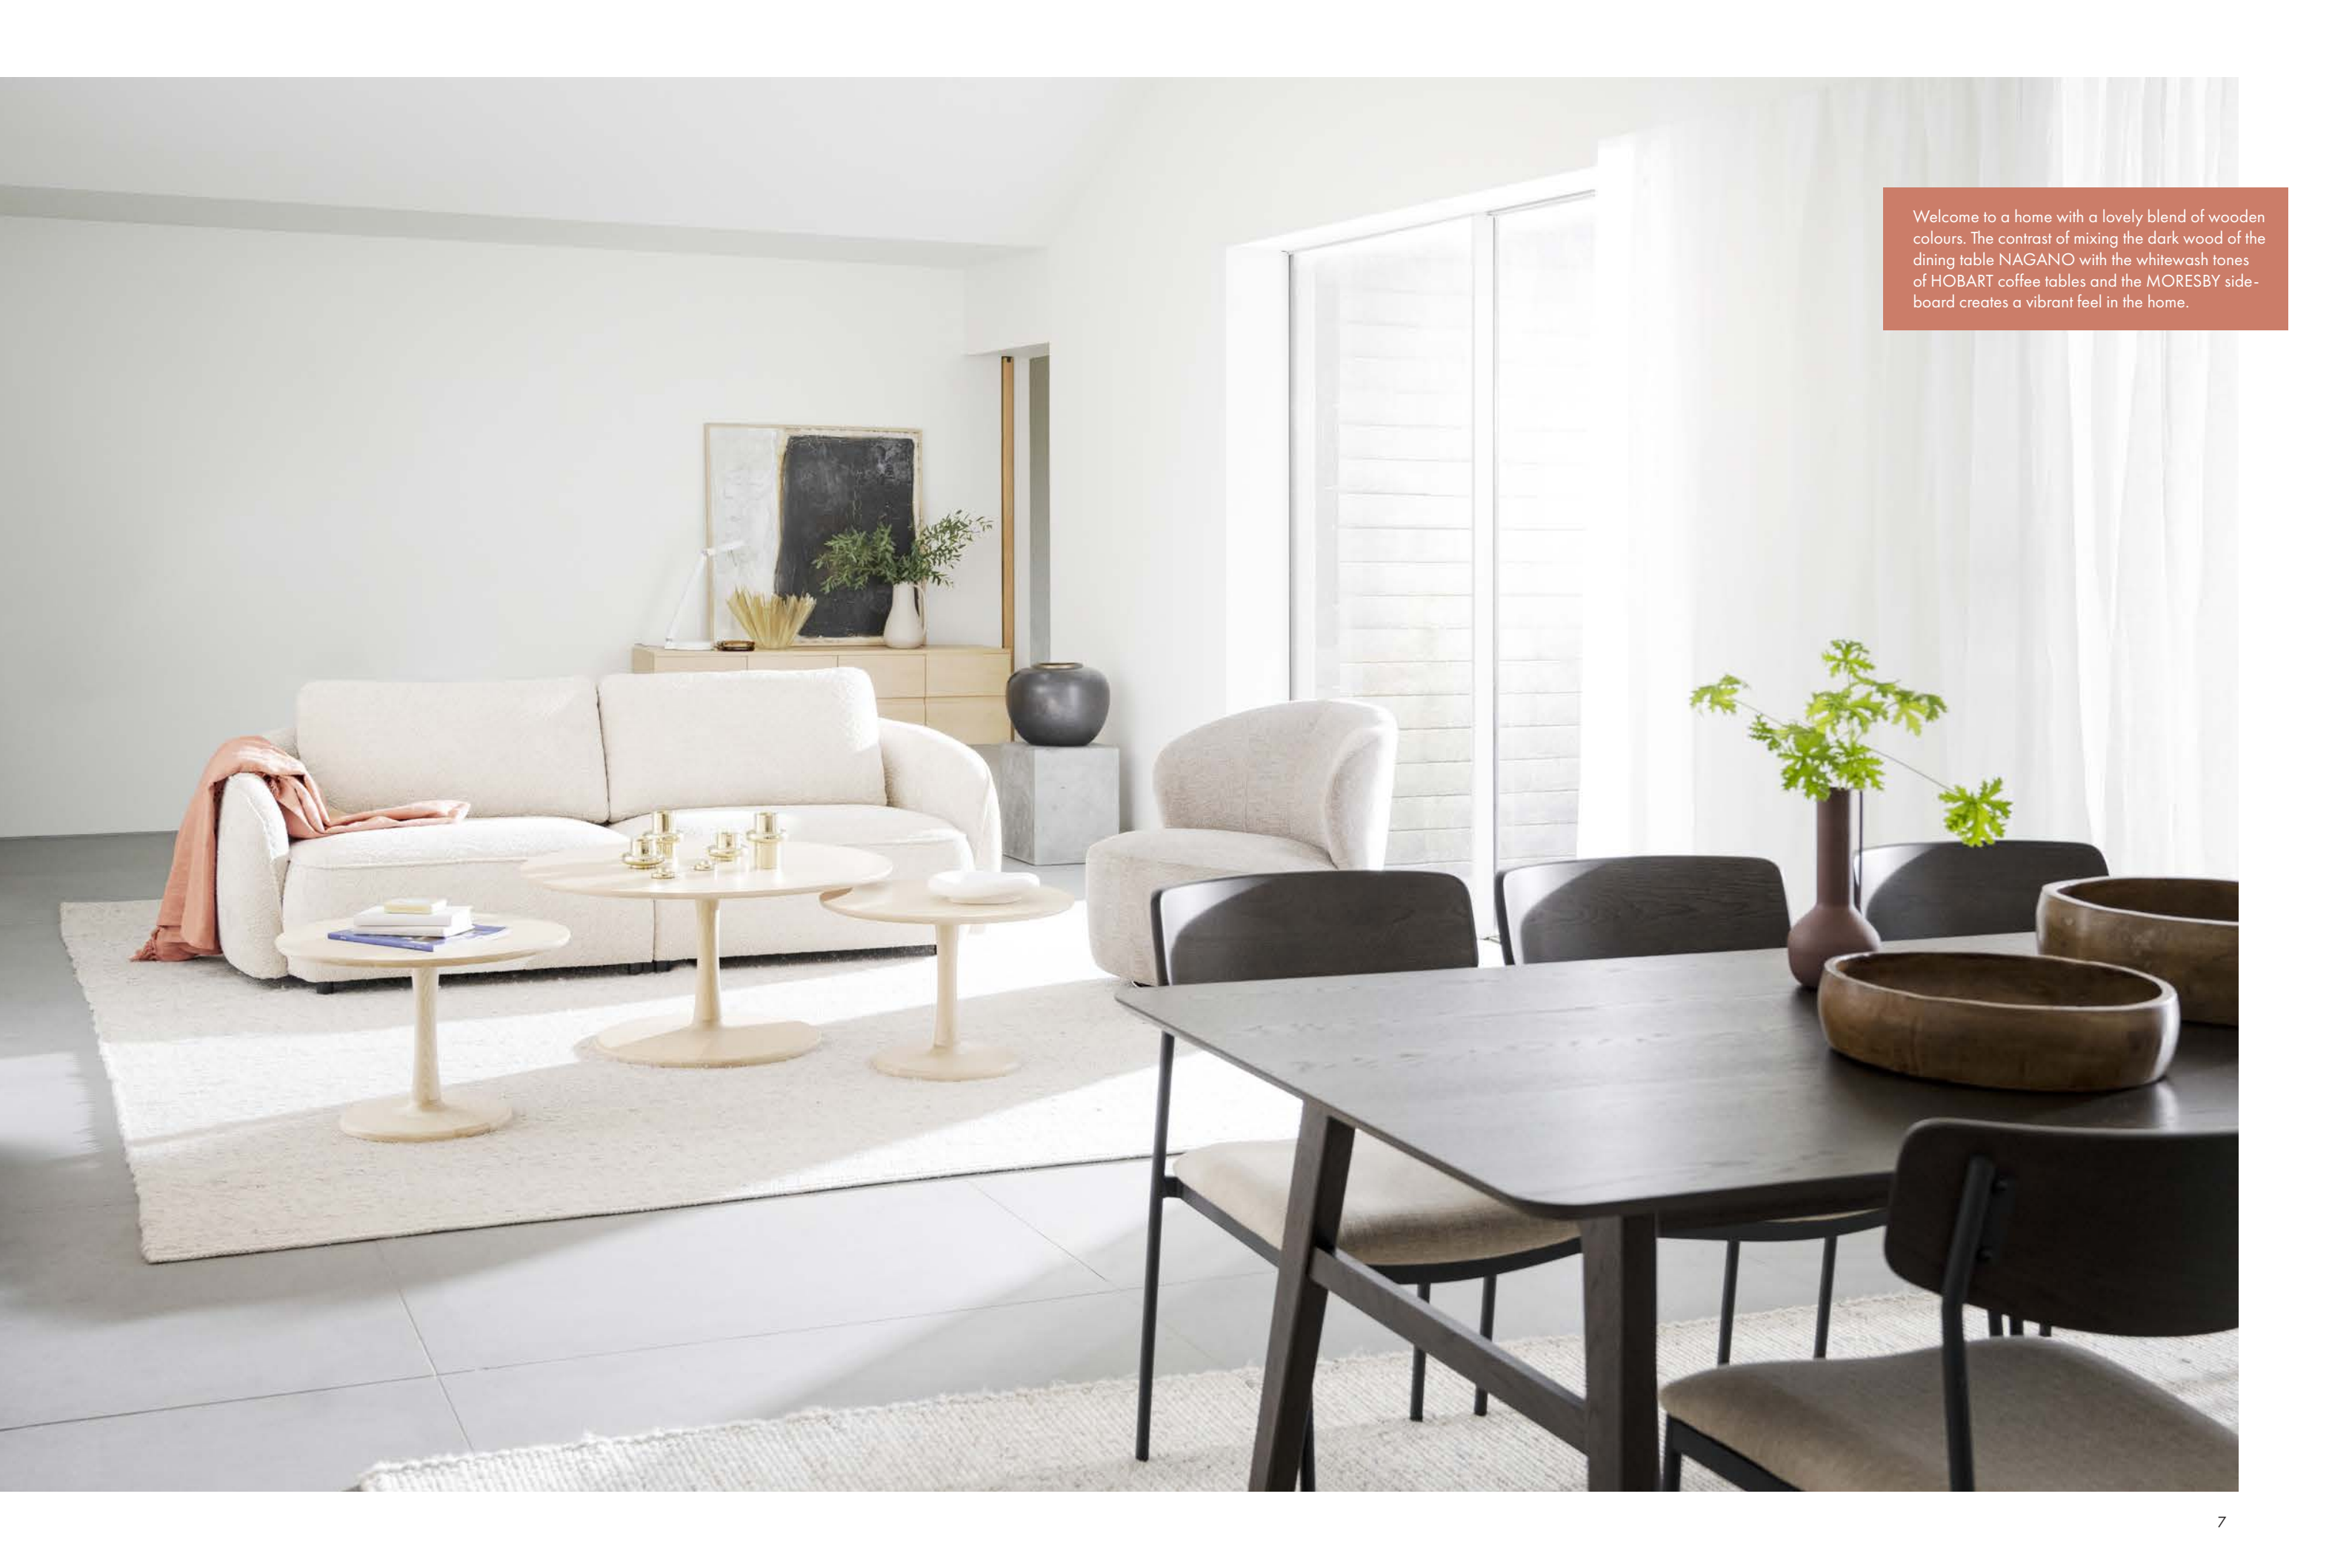

The NORRIS 3-seater sofa is a sofa with curved, organic shapes that create a harmonious atmosphere in the home.

The loose back cushions offer additional comfort and can be positioned closely together or with a small gap in between. The seat cushions are firm and incorporate serpentine springs for a comfortable seating experience.

As an in-stock item, NORRIS sofa is available in the chenille-like fabric Anna light beige (#2), but you can also choose from our custom order range, which offers a wide variety of fabrics and colours.

A perfect complement to your NORRIS sofa is our MORESBY sideboard and HOBART coffee tables.

Welcome to a home with a lovely blend of wooden colours. The contrast of mixing the dark wood of the dining table NAGANO with the whitewash tones of HOBART coffee tables and the MORESBY sideboard creates a vibrant feel in the home.

SPACE SAVING

The MAYMONT chair and armchair are stackable. Perfect for having the desired number around the dining table, but also having a few extra stacked on top of each other, to be used for occasions with more guests around the dining table.

The chair has legs in black powder-coated metal combined with a contoured backrest in solid oak and an upholstered seat in dark or light beige fabric. The whitewash and natural oak version has dark beige fabric, while the brown oak has light beige fabric on the seat.

The MAYMONT chair has clean lines and provides comfortable seating. Fits in most homes and is easy to match with different dining tables, for example, NAGANO, TYLER or YUMI.

The chair is an FSC® certified product, meaning it contains wood that comes from responsible forestry.

SUSTAINABLE SCANDINAVIAN DESIGN

We create wooden furniture, mostly in oak, that will be loved for many years.

Our round dining table FILIPPA, 120 cm, consists of solid finger jointed oiled oak. A lovely table that can be extended to 165 cm thanks to the enclosed insert. You can also buy an additional 45 cm insert for an even longer dining table. So a table that you can grow with. The FILIPPA series includes several different models of dining table. All in sustainable Scandinavian design.

Our popular wooden chairs WOLCOTT and AMI fit nicely with FILIPPA dining table. Both chairs have a timeless design where straight lines meet round shapes. The WOLCOTT chair has an upholstered seat with a blend of recycled leather and textile, while AMI chair has a seat in durable grey-beige fabric.

WE LOVE WOOD

The MAIDSTONE chair is made of solid oak. Unique craftsmanship in details such as the armrests, contoured seat, and well-thought-out lines.

This is an armchair that commands attention, whether as a lounge chair in the living room or a dining chair. Timeless design that never goes out of style. Delivered assembled in FSC® certified wood.

The MAIDSTONE chair comes in brown and natural oak. The oak version fits nicely with our MILFORD floor mirror, perfect to combine in the hallway. MILFORD is a stylish mirror that forms part of an extensive collection of hallway products.

If you desire a touch more comfort, the FULTON seat cushion in brown or black leather-textile is a perfect complement to the MAIDSTONE chair.

Our modular sofa, DUNCAN can be built according to your wishes. Here is a chaise longue and foot stool in the fabric Robin light grey, together with SHELTON coffee tables.

A SOFA FOR THE WHOLE FAMILY

Our DUNCAN sofa is a luxurious and spacious lounge sofa made of quality materials. The extra-deep seat cushions made of high quality cold foam ultimately ensure perfect comfort for the whole family.

The DUNCAN corner module offers the possibility to create a corner sofa. On the right side, the corner module is shown in the beautiful fabric Robin light grey (#1), which is soft, luxurious and durable, making it suitable for those seeking both comfort and quality. The mottled texture of the fabric adds a lively feel to the colour and can appear differently depending on the surroundings. We have this colour in stock for immediate delivery.

The DUNCAN collection consists of various modules, allowing you to customize the sofa set group according to your preferences. There are also many different fabrics and colours to choose from. If you choose a specific fabric, the delivery time is 8-10 weeks. Above, you see a 3-seater sofa and foot stool in the specially ordered fabric Dave green (#G2H6).

Using oak in your home gives a light feeling. Here, the HOLTON bookshelf, together with HOBART coffee tables, adds a high design value that you will love for a long time. The green-coloured (Max #55) DUNCAN sofa exudes a feeling of spring.

SPRING FEELINGS

The HOBART coffee table in lacquered oak is an airy and stylish pedestal table in Scandinavian design. The thin tabletop with a beautiful oak grain sits atop the turned leg, also in oak. It's a coffee table with organic shapes that create soft, delightful lines. Feel free to combine the two sizes of HOBART coffee table, 90 cm and 60 cm, and place them together as nesting tables, why not even three tables? That creates a lovely dynamic. HOBART is also available in whitewashed oak.

The ALISON bar chair is a perfect complement to your kitchen island or bar table. The chair with 360-degree swivelling base and padded seat, provides a comfortable and inviting spot to sit. The bar chair is available in three different colours.

Both products consist of 100% FSC® certified wood.

This living room has been complemented with HADDINGTON cabinet, SULLIVAN coffee tables, and Auckland carpet to create a delightful entirety in the room.

CLASSIC STRAIGHT DESIGN

The BRADEN 3-seater sofa has rounded legs in solid oak. The sofa features a classic straight design and is manufactured in Europe. All the wood used in the furniture is FSC® certified. The seat is equipped with serpentine springs for even comfort distribution. The sofa's legs are flexible, with a choice of three different wood colours: oak, whitewash and brown.

As a stocked item, the sofa is available in Greg light beige fabric (#3), but you can also choose from our custom order range, which offers a wide selection of fabrics and colours.

The ROSELAWN lounge chair is a padded armchair with soft, rounded shapes and decorative textile seams. With its 360-degree swivel function, it looks equally stunning from all angles and becomes an eye-catcher in the room. The lounge chair also offers fantastic seating comfort and blends seamlessly into any interior style. ROSELAWN is available in the same fabrics as the popular WILLARD sofa: Alice light beige (#01) and Brenda beige (#34).

Luxurious BROOKSVILLE coffee table in Japandi style.
Scandinavian design meets Japanese minimalism.

ANELA LOVES HOME INTERIORS

Architect Anela Tahirovic inspires her followers with her delightful interior design on Instagram. Make use of her tips for decorating a living room and create a wonderful atmosphere.

WHO IS ARKIHEM?

The Instagram account @arkihem is managed by architect Anela Tahirovic, who lives with her family just outside Malmö. She works as an architect and finds the most enjoyment in creating spaces where we humans feel comfortable.

During a typical day in her life, she is busy with work from early morning to late afternoon. After an intense workday, the focus shifts to family, and they enjoy cooking, sports, and spending time together. There's also quite a bit of work around the house and in their large garden.

Anela thrives best in beautiful, functional, and orderly environments, something she happily dedicates time to creating.

DECORATE A LIVING ROOM WITH EMOTION

When aiming to create a delightful atmosphere in a living room, Anela believes it's important to consider that the purpose is to socialise and connect.

– If there's space in your home, it's lovely to place two sofas facing each other with a coffee table in the middle. In our home, we chose the BROOKSVILLE coffee table with a marble top resting on an oak base, which creates a wonderful atmosphere with the mix of natural materials and becomes a stylish centrepiece to gather around.

STYLING A ROUND COFFEE TABLE

According to Anela, the coffee table always catches the eye in the living room, so she believes it's important to create a focal point with a beautiful vase of flowers along with candlesticks, preferably of varying heights.

When it comes to a round coffee table, Anela believes, it's also nice if the round shapes are echoed in the items you choose.

– My last tip is to keep it minimal yet inviting. It's not entirely easy, but focus on a few things you like and find visually appealing. By doing so, you can go a long way in creating a wonderful atmosphere in the living room.

STORAGE IN THE FAMILY ROOM

One important thing about the transformation of Anela's family room has been storage.

– I have had a built-in bookcase in the living room for a long time, but have felt the need for more storage and discovered Rowico Home, which has storage solutions that are not only functional but also stylish, perfectly suiting our home.

Anela chooses to complement her family room with the timeless CLEARBROOK sideboard, a piece that effortlessly blends into the existing decor yet stands out with its distinctive design.

This exquisite sideboard, crafted in brown oak veneer, features sleek black metal legs that add a touch of modern elegance. The brass-coloured fittings are the cherry on top, lending it an air of sophistication. Its beauty lies not just in its appearance but also in its utility. The CLEARBROOK offers ample storage, ideal for keeping space clutter-free while maintaining easy access to essentials. It's the perfect solution for concealed storage, hiding away the bits and bobs that tend to accumulate in a family home.

CRAFTSMANSHIP AND DESIGN

– In contrast, our living room called for something a bit different. Here, I've opted for an open storage solution, selecting the ORWEL console table. This piece is a true testament to craftsmanship and design, boasting an exclusive travertine stone top.

The stone's natural patterning and hue add an element of luxury and uniqueness to the room. The frame, made of brown-lacquered, FSC certified oak, not only ensures durability but also

speaks to commitment to sustainability and responsible sourcing.

– The ORWEL console table has become more than just a storage unit; it's a focal point in our living room, drawing the eye and starting conversations. Its practicality is matched by its aesthetic appeal, offering a display space for our cherished keepsakes, family photos, and an assortment of plants that bring a bit of the outdoors inside.

Anela means that each piece, the CLEARBROOK sideboard in the family room and the ORWEL console table in the living room, reflects their personal style and meets their storage needs. They are a proof that one doesn't have to sacrifice style for functionality. Anela now feels that their home is complete, a harmonious blend of practicality and elegance, thanks to these thoughtfully selected pieces from Rowico Home.

Continue to be inspired by Anela on Instagram @arkihem.

WILLARD is a modular sofa that allows you to customize it according to your preferences. Here as a corner sofa.

VARM AND INVITING FEELING

For the WILLARD lounge sofa, you can purchase a corner module to create a corner sofa. Here, it is upholstered in the timeless high-quality fabric Brenda beige (#34) in an earthy tone. The design is soft and rounded, providing a warm and inviting feeling.

The WILLARD sofa is available in two fabrics that are in stock: Brenda Beige (#34) and Alice Light Beige (#01). The sofa can also be ordered in a variety of fabrics and colours, for example in the red fabric Rain (#20) that can be seen on this page.

The SULLIVAN coffee table is a trendy and exclusive coffee table in Scandinavian design. The base features a tasteful lined pattern. The coffee table has a veneered tabletop with rounded corners, giving it a soft touch. The SULLIVAN coffee table is available in two different sizes, 80x80 and 60x60 cm, that allow you to place them separately or together as nesting tables. It is also available in black and whitewashed oak.

It is important to create a cosy feeling at home. And good, comfortable seating is crucial for your dining area. Here, the ALISON chair with brown oak legs, along with the WESTVILLE dining table and AUSTIN bar stool, creates a delightful dining area.

CHAIRS FOR SOCIALISING

The HINCKLEY armchair, crafted in black leather with metal legs, offers not only comfort but also high design value. Its slightly lower backrest allows it to serve as both a lounge chair alongside a sofa or as a dining chair.

The ALISON chair or armchair with a wooden 360-degree swivelling base and a contoured padded seat ensures unparalleled comfort and a cozy sitting experience. This chair, with its wooden base, easily complements other wooden furnishings in your home, adding a touch of elegance and warmth.

The AUSTIN bar stool, in solid brown lacquered oak with a round seat, offers a timeless design that fits well in most homes. Its classic look and sturdy build make it a great choice for kitchen hangouts or as additional seating at a bar.

Finally, the FULTON seat cushion, available in brown or black leather-textile, provides additional comfort to any wooden chair.

CLASSIC 1950-60S DESIGN

The HARLAN chair in solid lacquered oak with a seat made of braided, waxed paper cord is inspired by a classic 1950-60s design that has stood the test of time.

A fully assembled chair with solid craftsmanship. Rounded shapes combine with straight lines, creating a light impression. It's an FSC® certified product, which means it contains wood that shows consideration for people and the environment.

The HARLAN chair and armchair are available in lacquered brown and natural oak.

A great match for this brown chair is our NAGANO dining table. A dining table in oak, for example, TYLER, is a perfect fit for the natural oak chair.

Our AUCKLAND carpet in light beige is also a perfect match for this chair.

Several of our furniture pieces consist of FSC® certified wood. The FSC label means that all wood in the furniture comes from responsible forestry.

FSC® CERTIFICATION

Selecting furniture for your home is not only about design aesthetics; it's also become a question of environmental impact.

At Rowico Home, we've implemented stringent measures to minimise our ecological footprint at every stage of the production process and across the complete lifecycle of our wooden furniture.

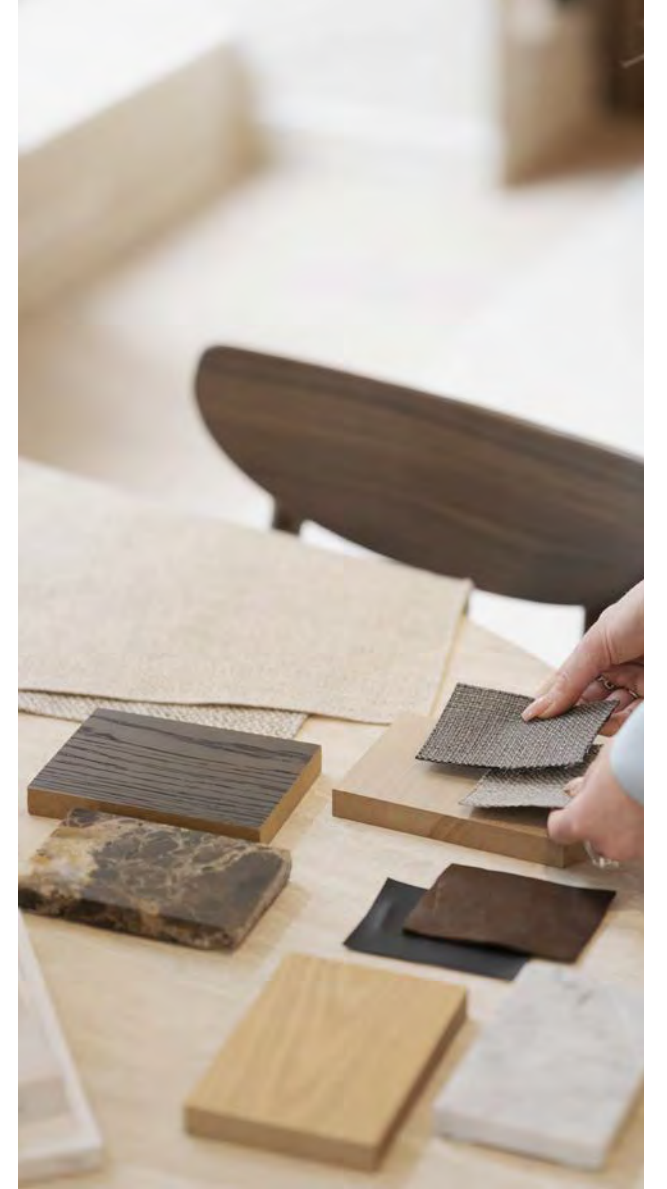

Since Rowico Home was founded in 1971, wood has been our primary material, so a pivotal aspect of this approach is using FSC certified wood. This wood originates from responsibly managed forests. By choosing an FSC-certified piece of furniture, you are making a more environmentally conscious choice.

WHAT DOES FSC® CERTIFICATION MEAN?

FSC stands for Forest Stewardship Council, an independent international membership organization dedicated to promoting environmentally friendly, socially responsible, and economically viable forest management worldwide through its certification system, FSC.

To qualify as an FSC certified company, one must have complete control over supply chains and inventory management and regularly undergoing external audits.

Rowico Home was audited and approved most recently in 2023.

If you're interested, you can learn more about our certification at se.fsc.org/se-se and search for Rowico Home's certificate number BV-COC-135942 or our license number FSC-C135942.

Over the past few years, we have increased the number of FSC certified products. By continuously boosting our demand for FSC certified wood among our suppliers, we aim to create a ripple effect and contribute to reduced climate impact. We believe that in doing so, we encourage more sustainable consumption and production.

If you have any questions regarding our green products, please feel free to contact us at sustainability@rowico.com.

ACCESSORIES: RUBIO FURNITURE CARE
1010 Monocoat Surface Care
1020 Monocoat Refresh Eco
125 ml

Monocoat Surface Care spray is a practical and ready-to-use cleaning solution for regular use on RUBIO oil-treated surfaces. The cleaner thoroughly removes dirt and grease, without affecting the natural colour of the wood.

Monocoat Refresh Eco is already-to-use spray that refreshes and restores all wooden surfaces, that have previously been treated with RUBIO oil. Pigment-free emulsion that can be used several times a year.

PRODUCT GALLERY

HALLWAY

The MILFORD hallway collection creates an exclusive feeling for the hallway, while being a timeless design that will last for many years.

MILFORD is made of solid lacquered oak with metal hooks on the hat rack, clothes hanger and hanger. The collection is available in black lacquered oak, whitewash and lacquered oak.

Thanks to the straight end on the shoe stand, it is possible to mount several shoe stands on top of each other and create a double hat rack.
